 SW Burger
 Pierre Lombard

Abernethy House has such an abundance of talents and charisma. This year of 2006 has been a superb one. Being able to lead this 'young' house has been a privileged. It has been an honor to be in the best house in the school, and since this school is the best school in the world, logically Abernethy is therefore the best house in the world!! The house has received an excellent intake of Form 1's who are exceptionally talented, full of passion with great positive attitudes. My hope for them is that they develop the same love and commitment to this

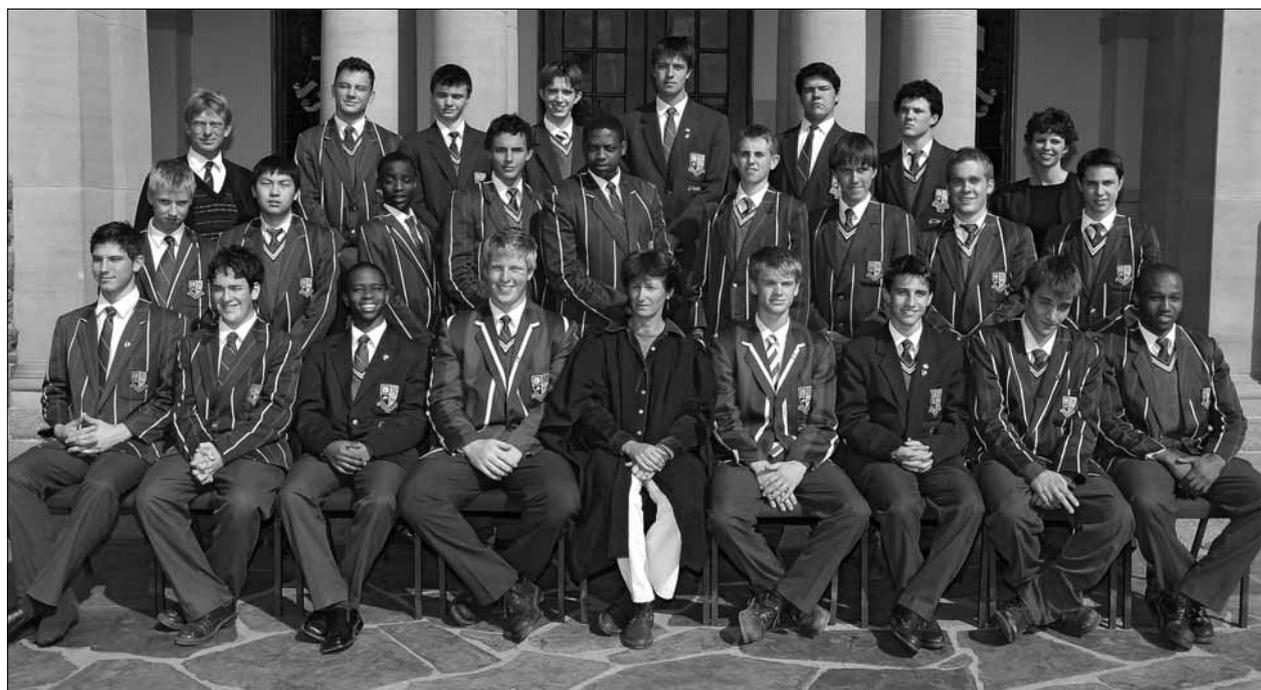

school as I have. The year began with a solid Fifth place in the inter house gala. From there our Juniors set the standard as the 'new' house to bring back an outstanding 1st place in the Inter house hockey and a brilliant 3rd in basketball. The seniors managed an excellent 1st in the Inter house chess and a great third in the hockey.

Thank you to all of the Abernethy boys for their contribution in all of the Inter house activities despite some handicaps. After every event the boys held their heads high even when the highest positions were not achieved. Having been a member of the Abernethy family for 5 years I have gained so much. Team spirit and honour to name but a few. I would like to thank Mr Acres for his support and passion that he has shown to the house, the tutors for giving the boys guidance and motivation and to the House Prefects for their support and commitment. I wish the Abernethy Leaders of 2007 all of the best and hope they will keep the Abernethy flag flying high.

This year has indeed been a good one and possibly more importantly, the House has achieved improved levels of performance, expectations and fellowship. For this I am grateful to each member whether junior, senior or member of staff. The prospect of raising the bar yet again in 2007 is an exciting one I am happy to say and with a great group of Form V's I wonder if even the sky is the limit.

Gregory Taylor

The arrival of our new Housemaster, Mr Smith, heralded a year of change for Arcadia. The year has flown by at a tremendous pace, and it has been a pleasure to work closely with Mr Smith, Mrs Georgiades, my fellow prefects, the matrics and various tutors. We have been able to achieve some commendable placings in the Inter-House competitions, but culturally we have really excelled. Our junior and senior Chess Teams earned first and second places respectively. We argued and debated our way to a win in the finals of the reinstated Debating Competition. A special mention must be made of Innes Barnardt who achieved third place in the AKTV nationwide debating competition.

On the sports field, the best result came from the junior rugby side which achieved second place. Arcadia is graced with talented athletes; Matt Currie, Greg Currie and Colin Meyer each of whom came second in the Inter-House Cross Country event in their respective age groups. There is much room for improvement in the sporting arena though, and so 2006 must be our benchmark for next year. However, we can only go forward with a positive and enthusiastic response from each member of Arcadia House.

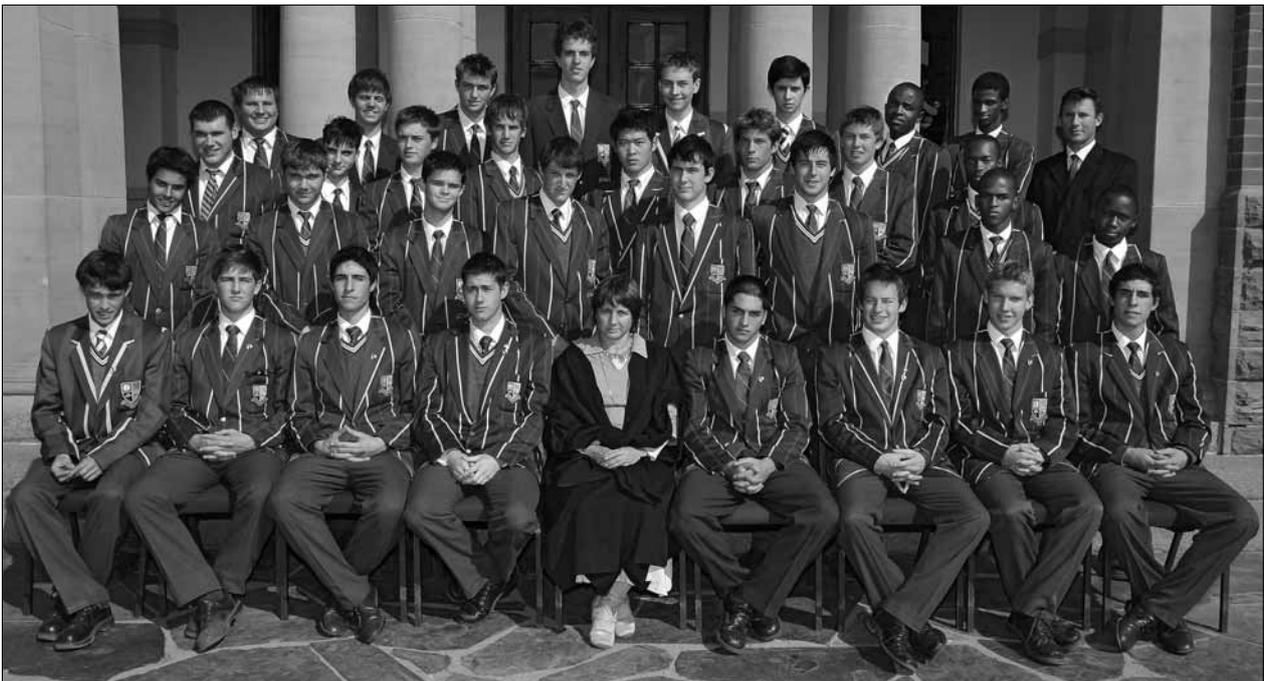

Further innovations for this year were the Form V hike on the Suikerbosch trail and a Form V farewell dinner. The dinner took the form of a potjie and was served by candlelight on Hofmeyr Oval – an evening each of us will long remember. We would like to extend our sincere thanks to Mrs Georgiades who has been our tutor for the past two years. She has been a wonderful help and encouragement to all of us.

To the matrics of 2007, I would like to extend the challenge of setting the pace and example to the guys younger than they are. They are all the new leaders of our House and should use their influence to take Arcadia to new heights. Good luck for 2007.

Finally, thanks and congratulations to the matrics of 2006. We have had an amazing five years as members of Arcadia and I wish you all success in your ventures into the 'real' world.

Another year has come and gone. Another chapter has been written and all that we have planted will have a chance to grow. The memories that we leave with after five years at Boys High will serve us well for the rest of our lives. Our friends, brothers in arms and soul mates, will remain in our hearts and minds forever. Armstrong is one of those houses where anything is possible and where new heights are reached every year.

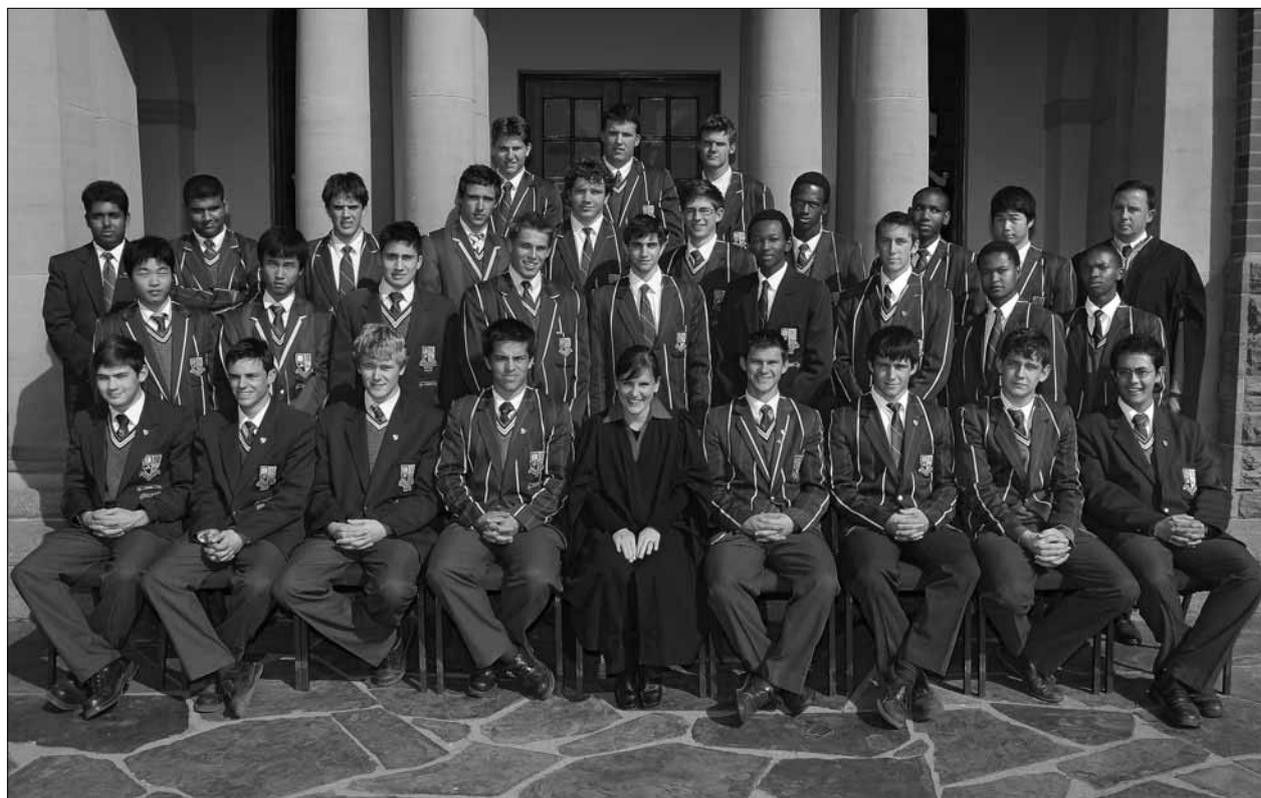

Our house is based on honesty, loyalty, our boys, our incredible tutors and of course, Mr Franken. He has brought this house to a very high standard of achievement and commitment to the values and ethos of the School. I am proud to have been the head of a house which always strives to be the best and which tries to unify its members in all it does. It is in this context that I would like to thank my fellow house prefects and matrics for their support throughout the year. For the incredible five year she was tutor to our group, we would to make special mention of Ms Sherwood/Mrs Ronga. She was incredibly loyal and always supported us through the good and bad times. Even though we did not win every Inter-House sporting or cultural event, the house was always unified in support for each other.

The only sad thing about the year was the speed with which the year came to an end. I wish the matric group of 2007 all the best and may they make Armstrong House proud in all facets of school life.

‘Do not follow where the path may lead. Go instead where no path is leave a trail’.

As one of the matric boys put it to me after final assembly, it must be a daunting task to take over from the mighty Mr McBride. Indeed it was! As can be expected, Mr McBride left me a House that was run like a well-oiled machine. In many ways it was easy to carry on from there but it took a lot of hard work to keep up the high standard that the House was used to.

In terms of Inter-House activities, Hofmeyr had a year that varied from tenth place to first place. We realised that we were not good in the water, explaining the tenth place in the Inter-House gala

and water polo. The Senior Inter-House hockey was one of the highlights of the year where the boys beat Solomon in a penalty shootout to win! Some other highlights were second place in the Inter-House Play Festival, Abraham Mennen being the Best Actor at the Inter-House Play Festival, second place in the Junior Inter-House soccer and basketball, fourth place in the Senior Inter-House soccer, athletics, cross country, basketball and debating.

I would like to thank all my tutors for the amazing support and advice that they gave me and for the great spirit we had in the House. Without good and competent tutors it is impossible to run an efficient house. Thank you that you care about the boys and have a genuine love and passion for them. Let us keep up the good work and have an even better year in 2007.

To all the prefects who sacrificed a lot of their time to help to put all the Inter-House teams together, assisting with registration first thing in the morning, for taking part in the House assemblies and dealing with all those problems that never made it to my office, thank you!

Thank you to the matrics for a good year. You led the House with passion and responsibility. Good luck for next year and made sure that you make the best of every opportunity that comes your way.

Good luck to next year's matrics. I know that it is going to be an even better year where we are going to improve on our achievements and make an even greater contribution to the House and School.

Matheson House has once again had an excellent year, not only in Inter-House sporting and cultural events but in the academic field as well. The boys in our house have shown true dedication and loyalty and it is because of all of them that this year has been so successful. The Inter-House Gala is just one example of Matheson's success. The swimmers gave it their all, the supporters cheered with passion and the

atmosphere was electric. At the end of it all, we were narrowly beaten and walked away proudly having finished 2nd. Matheson is not only a house that wins Inter-House events, but it is also a house that leads by example and makes all its boys feel that they belong.

On behalf of Matheson, I would like to thank all Matheson house tutors. Our year would not have been as outstanding if all of them had not put so effort and dedication into this house. The energy and commitment that Mrs Matthews has invested in this house has not been in vain - Matheson owes a lot of what it has become, to her. I would like to thank her for the leadership and the loyalty that she has shown to all of us throughout the years.

Looking back on the years I recognise that they have definitely been the best of my life. I will never forget the memories, the friends made and all the good times spent in this amazing house. Good luck to the matric group of 2007 as well as all the boys remaining. To the matrics of 2006, well done boys, it has been an awesome year!

Another year at Rissik House has come and gone in the blink of an eye. For most people, 2006 will have been just another ordinary year, another chapter in the stories of their lives. Not for us. For the leaving group of Rissik House boys, 2006 marked the year where we would carve our names in the vast history of Boys High and, more importantly, Rissik House.

We arrived in 2002 as twenty-three insignificant, immature boys and we left in 2006 as twenty-three men. Wait, let me correct that – twenty-three Rissik men. After five years of living together, we became more than just great friends; we became brothers.

Under the steadfast leadership of Dane Blignaut, the Rissik house matrices brought our boarding house to a new level. The house spirit was amazing; everybody from Form I to Form V got along superbly. As a result, we dominated in the Inter-House events, finally achieving the ever-elusive victory in the swimming gala and also winning both the senior and junior rugby tournaments and the junior water polo. We even managed the top ten finish in the chess competition. It was also a year of adjustments because

we had to adapt to various significant changes that were made to the house system. After much debating and complaining, it was soon evident that these changes were for the better as our Form I group were truly outstanding. Over the year, they developed into true Rissik House boys and will do the house proud in the years to come.

Something has to be said about Dane Blignaut. I am sure that I speak on behalf of everybody when I say that there is truly something special about him. He is a natural-born leader and he led Boys High and Rissik House with everything he had. An enormous thanks is also due to Mr Southwood and his troop of Housemasters for keeping us all on the straight and narrow. They gained the respect of all the boys and have become our friends.

We wish all the best to Andrew Christie and his boys for 2007. May they keep the Rissik flag flying high and never compromise our standards. Last but not least, to all my brothers at Rissik House, past, present and future. Whichever path you choose to walk in life, always remain true Rissik House boys: honourable, dependable and passionate.

Somewhere in your busy life you will find a place where you know you belong.
 A place where your friends are your brothers.
 A place the world cannot begin to understand.
 That place is your home
 That place is Rissik House
 'There is no place like this place,
 Anywhere near this place,
 So this must be the place.'

One day in the future, I would love to meet you at the front stairs of Rissik House so that I can say two words to you: 'Welcome Home'.

This year started with the arrival of twenty-three wide-eyed new Form I boys. They were soon made to feel part of the House under the watchful eyes of Mr Randall and the Prefects. The Matric group as a whole was really superb this year and apart from contributing greatly to the spirit of the School during 2006 they must take credit for School House having had a very successful year. The matrics created a wonderful atmosphere in the house and strived to achieve excellence in all their various endeavours, in the process dragging the youngsters along with them. They were firm but cared for the younger boys in the house and as such set an excellent example to future generations. This was crowned by a superb team of masters who managed to foster lasting relationships with the boys in the house. Words cannot begin to explain how valuable a team of masters the house now possesses.

In the sporting arena the house had an outstanding year, achieving victories in the Senior Cross Country and Athletics. Second place finishes were seen in the Senior Rugby, Soccer and Squash. The emergence of School House as an aquatics force to be reckoned with was evident in the third place finish in the Senior Water Polo and fourth place in the Swimming competitions. A further highlight of the year was a victory in the Inter-House Play festival. In all the year's activities the boys took part with courage and determination demonstrating firstly great sportsmanship but also a bulldog's fighting spirit. Several of the Day Boy houses commented on how much they enjoyed competing against School House despite losing. The well-balanced nature of the house is evident in several boys achieving Honours or Full Colours for Academic and Cultural activities.

I would like to thank the Parents' Committee for the work they have done behind the scenes, raising funds to make the house as attractive as it is now. The boys really appreciate their efforts. Thank you to every person who has contributed to this marvellous year in the proud history of School House. The new appointed leaders for 2007 could do a lot worse than to follow the example of the matric group of 2006. Protect the values and traditions of the house and strive never to be complacent or unappreciative of the opportunities given to you in life and never to forget those who have walked the halls of the house before you.

‘Success is the ability to go from one failure to another with no loss of enthusiasm.’
 (Winston Churchill)

I truly believe that Solomon House has succeeded this year mainly due to the mature way in which the matrics led the House and the friendships that were made. I thank them for that.

Although we experienced many disappointments in the Inter-House events (and if all our second places become first places next year, we will surely win most of the events) the way in which the boys approached each challenge was commendable. More commendable, however, was the way in which the attitude of the house remained a happy one despite our disappointments. I applaud each and every Solomon House boy for the camaraderie, spirit and passion he showed throughout the year.

A grateful thank you to Mr Hassenkamp for the involvement, dedication, commitment and invaluable contribution which he made to Solomon House; a heart-felt thank you to the tutors; a sincere thanks to the parents and parents’ committee for their contributions and hard work. Your efforts are always much appreciated by all boys.

The most prominent characteristic of our performance this year was the involvement of Solomon House boys in all spheres of school life, including sporting, academic and cultural activities. We can boast of no fewer than thirteen Half Colours awards, eight Full Colours awards and three Honours awards. These were undoubtedly well-deserved. Warm congratulations to all.

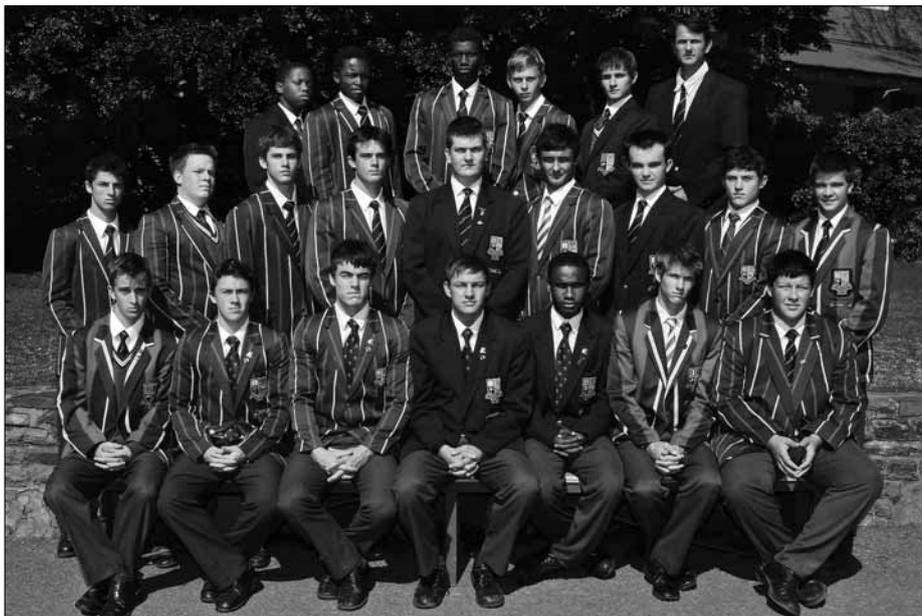

Colours Awards 2006

 Christopher Manley

With changes forever eminent in any great school, Sunnyside House was no exception. The end of 2005 saw the departure of Mrs Grebe to Afrikaans Hoër Meisieskool and I was appointed as the new Senior Housemaster.

I faced the job with trepidation in my heart and I was forever asking myself whether I had done the right thing in applying for the position of the Senior Housemaster of one of the oldest dayboy houses at Pretoria Boys High School. These doubts were shortlived as I stood in front of the house for the first time to welcome the boys back to school for the 2006 year. These boys were very keen to be involved in their house, and they seemed to respond positively to my requests for participation throughout the year in house activities.

The Head of House, Brad Burrow did a fine job and his keen sense of integrity and loyalty to Sunnyside was evident from the very first day. His words of encouragement to the House and his sincerity and unfailing loyalty to the staff and the boys of the school were truly inspirational. He was ably assisted by Michael Heath and the House Prefects who worked really well together throughout the year to ensure the success of the House.

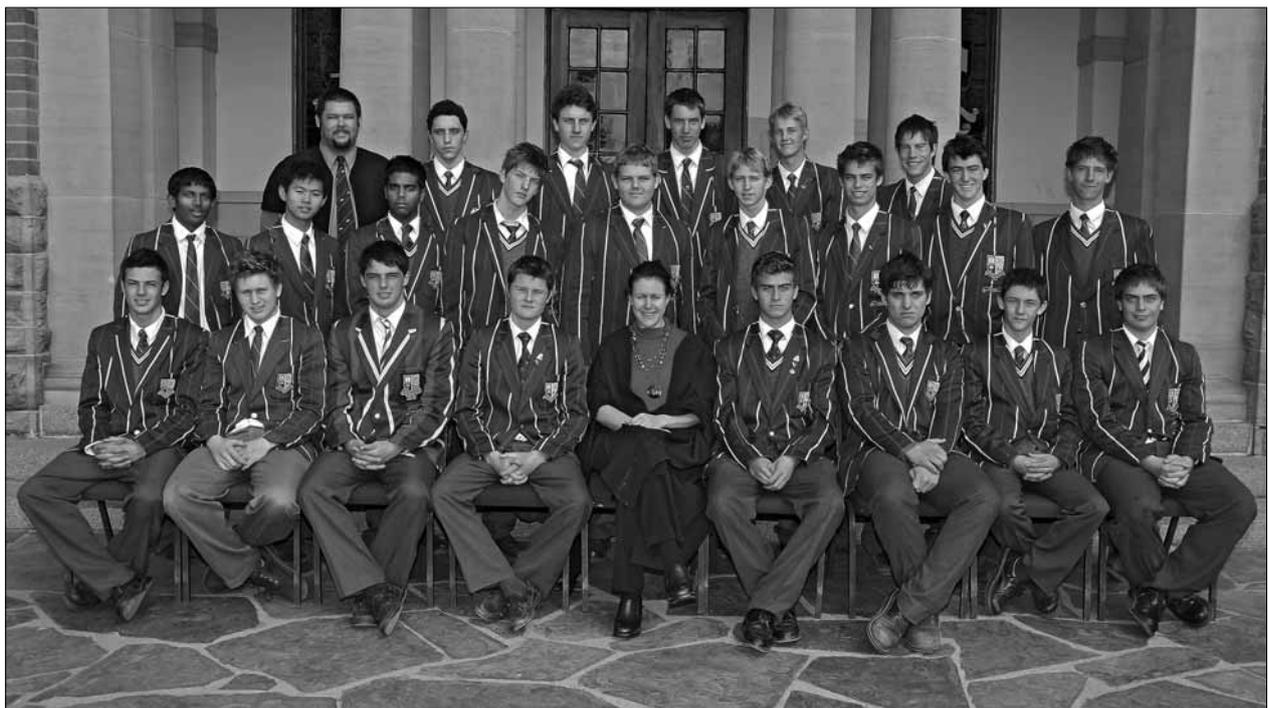

One of the unfortunate patterns was the decline in commitment and participation within the matric group. It seems to be an ongoing thing and as the year progresses the senior boys seem to fade. Of course, this is in general terms and there were those Form V boys who participated wherever they could throughout the year and for that I am grateful.

Participation in the various house activities was good and Sunnyside fared well in most of the events. Something that was apparent was the lack of swimmers and athletes in the House, but maybe that will change in 2007.

I would like to thank all my staff who were available to assist the boys throughout the year. Whether you were a tutor, an assistant tutor, a language checker, or involved in the Matric pastoral care, your efforts were greatly appreciated by the boys, their parents and by me.

What a great year for Town House! We started off our year with spirit and gusto as we had huge backing due to the spirit from the Matric group. As a house we have been growing from strength to strength and this year was no different. 2006 presented us one of the most diverse groups of Form Is, guided by the excellent Ms Fairall.

Town House was once again one of the main contenders in every Inter-House event and under the guidance of the new Housemasters such as Mr Anthony and our inspiring Senior Housemaster, Mr Simmons, the House grew from ordinary to extraordinary. Due to the tremendous work ethic displayed by the boys and the tutors, each boy excelled in both academic and cultural achievements.

Our House had three First Team Tennis players, several music students with Full Colours, the top

ranked Squash player, several First Team Cricket and Basketball players, the Chess Captain, the top U17 and Open swimmer and three School Prefects!

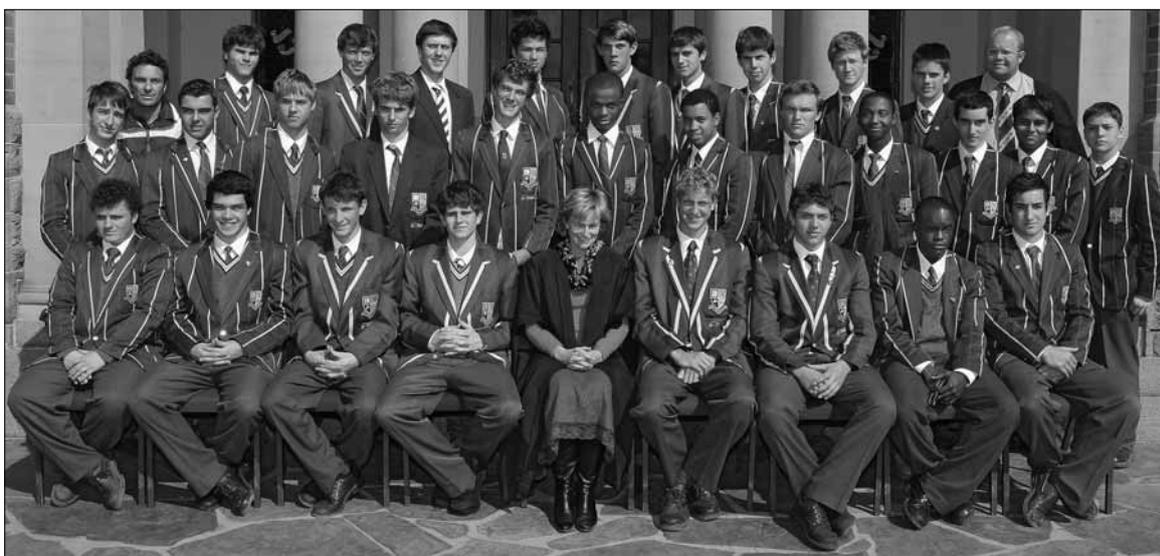

As always we started the year on a high as we showed our dedication to the House by donning Speedos and claiming 6th position in the Inter-House Gala. Our boys were buoyed by the results and lifted the Junior and Senior Basketball crown which was due to the leadership of Sylvester (Sly) and Gideon. We once again proved a menace in the chess arena where we came third. Our Senior soccer team claimed top position with a memorable win over School House. Our Inter-House Squash team claimed fifth position after holding off competition from very strong teams.

Our spirit throughout the year was unmatched by other houses and our dedication to sports events far outweighed that of previous years. We had been as the whipping boys for many years, but this year proved everyone wrong. The beauty of being in Town House was that, although we did not win everything, our boys always gave of their best and never gave up.

I have been really blessed to be given the opportunity to lead such a great house and I wish the best of luck to the Form IVs who seem extremely capable of filling the big shoes left behind by our matrics. A warm thanks to all our House tutors, Mrs Wortmann, Mrs Stuart and Mrs Schmidt for our five memorable years at Boys High. We are the result of your hard work and dedication to both the School and to us. To all Town House boys who will at some time ponder over these words – for all you have done, thank you!

Scott Havemann
